

**Services and resources to help you
throughout your treatment journey**

How Alnylam Assist[®] can help

Alnylam Assist[®] offers one-on-one support throughout your treatment journey.

Support services include:

Understanding your coverage and starting treatment

Navigating financial assistance options

Providing disease and treatment education

Offering resource materials for you and your family

Getting started

Talk to your doctor about submitting a Start Form to access all Alnylam Assist[®] has to offer.

You can also access some services and resources individually. Keep reading to learn more.

Understanding your coverage and starting treatment

Once you and your doctor decide on treatment, Alnylam Assist® can support each step of the process—from confirming your insurance coverage to reminding you of your next appointment.

Benefit verification

An Alnylam Case Manager can provide support by confirming your insurance coverage before starting treatment. They'll send a summary of benefits to you and your doctor within 2 business days of submitting a Start Form.

Insurance coverage support

If your doctor has submitted a Start Form, an Alnylam Case Manager will keep you updated on the approval status of your treatment coverage, including prior authorizations and appeals, and advise you of any steps you may need to take.

Treatment site selection support

- Alnylam Assist® will provide a list of treatment site options based on your coverage and preferences after your doctor submits a Start Form
- Find nearby treatment centers using the treatment site locator on the Alnylam Assist® website, if available for your treatment

Treatment follow-up & support

If your doctor has submitted a Start Form, an Alnylam Case Manager will provide treatment reminders and follow up with you to answer any questions you may have.

Financial assistance programs

Alnylam offers multiple financial assistance options for eligible patients.*

Alnylam Assist® Copay Program[†]

The Copay Program covers certain out-of-pocket costs for eligible patients with commercial insurance.

There are two ways to access the Copay Program:

- An Alnylam Case Manager will automatically enroll you after your doctor submits a Start Form
- If you wish to self-enroll, please visit the Alnylam Assist® Copay Program website at AlnylamAssistCopay.com

Assistance with coverage delays

There are programs that may help if you have a delay or change in insurance coverage. An Alnylam Case Manager will determine appropriate programs for you based on your eligibility after your doctor submits a Start Form.

*Patients must meet specified eligibility criteria to qualify for assistance. Alnylam reserves the right to make eligibility determinations and to modify or discontinue any program at any time.

[†]Patients with Medicare, Medicaid, or other government-sponsored insurance are not eligible for the Alnylam Assist® Copay Program. Out-of-pocket costs for the administration of Alnylam products will not be covered for patients residing where it is prohibited by law or where otherwise restricted.

Financial assistance programs (continued)

Independent foundations

Organizations outside of Alnylam may offer financial assistance if you are uninsured or underinsured. You can learn more through the Alnylam Assist® website.

These foundations are not associated with Alnylam, and Alnylam is not recommending one foundation over another.

Alnylam Assist® Patient Assistance Program (PAP)

PAP provides access to treatment at no cost for eligible patients, primarily those who are uninsured.

- **An Alnylam Case Manager will proactively assess your eligibility after your doctor submits a Start Form**

MEET THE TEAM

Alnylam Patient Education Liaisons

The Alnylam Assist® team is made up of Patient Education Liaisons (PELs) who have backgrounds in nursing and are available to provide education to you and your family throughout the treatment journey.*

Support services include:

- Providing disease education before and after treatment
- Answering questions about treatment
- Hosting individual, family, or group meetings
- Connecting you to other resources and support

There are several ways to connect with a PEL:

- An Alnylam Case Manager can connect you with a PEL after your doctor has submitted a Start Form
- Call Alnylam Assist® at 1-833-256-2748 to request a PEL

*PELs are employees of Alnylam Pharmaceuticals and are not acting as healthcare providers. They do not provide medical care or advice. All diagnosis and treatment decisions should be made by you and your doctor.

MEET THE TEAM

Alnylam Case Managers

An Alnylam Case Manager is available to provide one-on-one support after your doctor has submitted a Start Form. They will contact you and your doctor within 2 business days to help you get started with treatment.

Support services include:

- Verifying your benefits and providing a summary of coverage
- Assessing your eligibility for financial assistance and helping with enrollment*
- Supporting you through insurance coverage changes, travel plans, etc
- Scheduling regular check-ins before and after each treatment
- Coordinating services with other Alnylam Assist® Support Team members

*Patients must meet specific eligibility criteria to qualify for assistance. Alnylam reserves the right to make determinations and to modify or discontinue any program at any time.
